

# Windows System Instructions

1. Please go to [Tamkang SoftCloud website](#) and click "[Application](#)" to register the services. The service will be available when the notification has been received. (The process would take around 30 minutes).
2. VMware Horizon Client Installation Steps (If you've already installed VMware Horizon Client, please skip to step3)

(1) Download link: [VMware Horizon Client for Wondows](#)

(2) Go to the website and click "DOWNLOAD NOW"

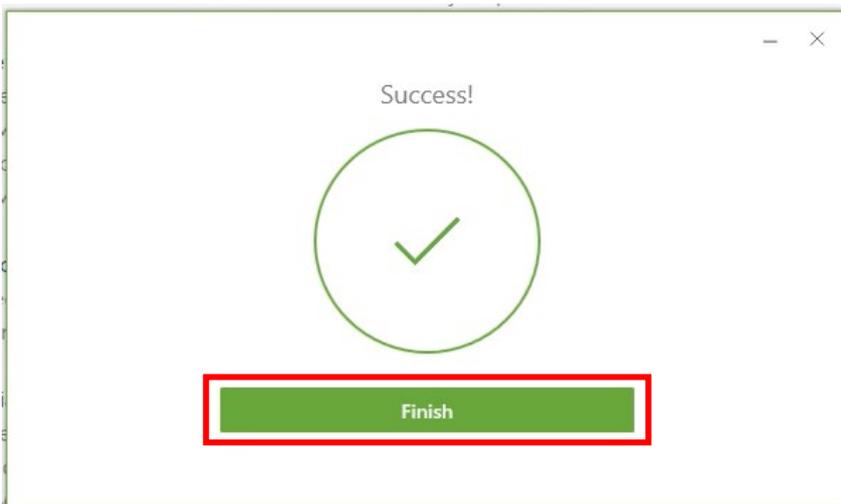

The screenshot shows the VMware Customer Connect website interface. At the top, there is a navigation bar with the VMware logo and 'CUSTOMER CONNECT' text, followed by links for 'Products and Accounts', 'Knowledge', and 'More'. On the right side of the navigation bar, there are search and globe icons, and links for 'Register' and 'Login'. Below the navigation bar, the breadcrumb path reads 'Home / VMware Horizon Client for Windows'. The main content area is titled 'Download Product' and includes a 'Select Version' dropdown menu set to '2106', a 'Documentation' link for 'Release Notes', a 'Release Date' of '2021-07-15', and a 'Type' of 'Product Binaries'. To the right of this information is a 'Product Resources' sidebar with links for 'View My Download History', 'Product Info', 'Documentation', 'Horizon Mobile Client Privacy', and 'Horizon Community'. Below the main content, there is a horizontal menu with 'Product Downloads' selected, and other options like 'Drivers & Tools', 'Open Source', 'Custom ISOs', and 'OEM Addons'. The 'File' and 'Information' tabs are visible, with the 'File' tab selected. Under the 'File' tab, the product name 'VMware Horizon Client for Windows' is listed, along with its file size (299.35 MB) and type (exe). A 'Read More' link is provided. A prominent blue 'DOWNLOAD NOW' button is highlighted with a red rectangular box.

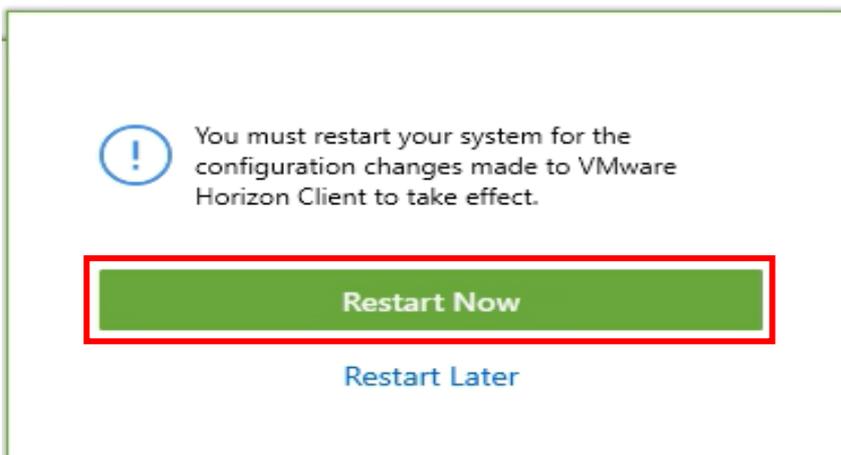

(3) Click “Agree & Install”

(4) Click “Finish”

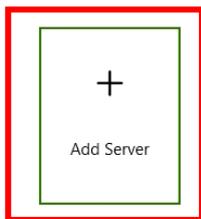

(5) Click “Restart Now”
